Here's how the ITLS Rapid Renewal Provider Update program works during the COVID-19 pandemic:

1. **You must hold a current, valid ITLS Basic or Advanced Provider certification to be eligible to renew through the ITLS Rapid Renewal Provider Update program**. If your Provider certification is expired, please contact your local Chapter or Training Centre to inquire about eligibility.

2. Purchase and complete the Rapid Renewal Provider Update, a 1-hour online course. You will purchase this from ITLS directly here: http://learn.itrauma.org/product?catalog=ITLS-Provider-Update-9e A 15- question quiz is built into the end of the course module; a score of 80% or higher is required for successful completion. You may retake the quiz as many times as necessary to achieve the passing score.

3. Print your Course Completion Certificate after successful completion of the Rapid Renewal Provider Update Quiz and Course Evaluation. This certificate is required to schedule a Patient Assessment Evaluation appointment.

4. Contact your local Chapter, Maryland ITLS via email: ehspace@umbc.edu, to set up a Virtual Patient Assessment Evaluation appointment and submit a registration form with payment (above form.)

5. The Virtual Patient Assessment Evaluation is conducted live via videoconference (Zoom) by your local Chapter or Training Centre, or by one of their designated course coordinators. At this appointment, you will demonstrate your competency of the Patient Assessment Practical Exam. Please review the ITLS Remote Learning Guidelines for how to prepare for this session.

6. Upon successful performance of your Patient Assessment Practical Exam, your ITLS Basic or Advanced Provider Recertification card and certificate will be sent to you. Your card may be sent by email by the address used on the registration form. You will also be awarded 1 hour of CAPCE continuing education credit. The credit statement appears at the bottom of the ITLS certificate you receive with your card.

Early Renewal Eligibility: You may use the Rapid Renewal Provider Update program to renew your ITLS Provider certification up to 1 year before the expiration of your current certification.

Note: After pandemic restrictions are lifted, the Rapid Renewal option will revert back to previous procedures where a Testing Component appointment is required to complete both the Written Exam and Patient Assessment Practical Exam in person before achieving Provider Recertification.
