Critical Care Emergency Medical Transport Program
CCEMTP\textsuperscript{SM}

Course Information

Thank you for your interest in sponsoring a Critical Care Emergency Medical Transport (CCEMTP\textsuperscript{SM}) program. CCEMTP\textsuperscript{SM} was designed in response to the growing need for qualified specialists in the area of critical care inter-facility transfer. CCEMTP\textsuperscript{SM} will help prepare paramedics and nurses to serve with competence and confidence in meeting the needs of critical care patients undergoing inter-facility transports. While traditional paramedic education programs teach essential skills and provide a knowledge base for the management of patients in the pre-hospital setting, these training programs frequently do not teach the skills and knowledge necessary to manage critical patients between hospitals, specialty referral centers, and extended care facilities. The CCEMTP\textsuperscript{SM} program will assist the clinician in developing the necessary skills and knowledge to manage critical patients during a high risk transfer. Essentially, CCEMTP\textsuperscript{SM} is "post graduate education" for the paramedic or nurse that attempts to standardize training and levels of care in inter-facility transport.

CCEMTP\textsuperscript{SM} is offered annually at UMBC each July and throughout the year at sites across the U.S.

There are two (2) options available for offering the CCEMTP\textsuperscript{SM} course:

(1.) CCEMTP\textsuperscript{SM} Educational Institution Site License (ESL)

Universities, colleges and accredited U.S. medical schools that offer ALS allied health programs are eligible to obtain an educational site license to conduct ongoing CCEMTP\textsuperscript{SM} courses according to a price structure designed for repeat courses. If you qualify as an educational institution, please contact UMBC for further information.

All sites interested in becoming an ESL must initially offer CCEMTP\textsuperscript{SM} as an outreach course. Upon successful completion of the outreach course, UMBC will determine the sponsor’s eligibility to pursue a CCEMTP\textsuperscript{SM} Educational Institution Site License. UMBC does not guarantee all potential ESL sites will be permitted to become an ESL after the initial course sponsorship. UMBC retains the right to give final approval of all CCEMTP\textsuperscript{SM} ESLs.

All current locations possessing a CCEMTP\textsuperscript{SM} Educational Institution Site License are guaranteed a 200-mile radius. If your location is within this radius of an existing CCEMTP\textsuperscript{SM} ESL, your site will not be considered for this designation unless written permission is given by the existing site. Please visit the following website for the locations of our current CCEMTP\textsuperscript{SM} ESLs: http://ehspace.umbc.edu/ccemtp/SiteLicenses.php
(2.) CCEMTP<sup>SM</sup> Outreach Sponsor

Agencies or organizations that do not offer ALS allied health degree programs, or do not affiliate with such, may also sponsor a CCEMTP<sup>SM</sup> course. These parties may contract with UMBC to conduct the course on a pay-for-course fee structure. If your organization qualifies as an outreach sponsor, please contact UMBC for further information.

All current locations possessing a CCEMTP<sup>SM</sup> Educational Institution Site License are guaranteed a 200-mile radius. If your location is within this radius of an existing CCEMTP<sup>SM</sup> ESL, your site will be required to contact the coordinator at that location about sponsoring a course. If they are not interested in sponsoring a class for you and are willing to give written permission to sponsor a course through UMBC, we will be more than happy to work with you. Please visit the following website for the locations of our current CCEMTP<sup>SM</sup> ESLs:

http://ehspace.umbc.edu/ccemtp/SiteLicenses.php

Sites may choose to offer CCEMTP<sup>SM</sup> as an Outreach Sponsor initially to determine local interest and request consideration to become an ESL afterwards. If desired, sites also have the ability to perform repeat outreach courses.

*Costs for both options are discussed on Page 6 under “CCEMTP<sup>SM</sup> Expenses”.*

**CCEMTP<sup>SM</sup> Personnel**

The **CCEMTP<sup>SM</sup> Program Director/Coordinator** and **CCEMTP<sup>SM</sup> Program Administrator** are responsible for overall program management and quality in the course. The CCEMTP<sup>SM</sup> Program Coordinator is primarily responsible for curriculum and educational issues; the CCEMTP<sup>SM</sup> Program Administrator is primarily responsible for scheduling, contracts and administrative issues.

- CCEMTP<sup>SM</sup> Program Coordinator
  Crista Lenk Stathers, MA, EMT-P
  (410) 455-3584 or clenk@umbc.edu

- CCEMTP<sup>SM</sup> Program Administrator
  (410) 455-6241 or ehspace@umbc.edu

The **Site Coordinator** has the overall responsibility of coordinating and managing the course. The Site Coordinator must have previously attended and successfully completed a CCEMTP<sup>SM</sup> course. The Site Coordinator must keep their CCEMTP<sup>SM</sup> certification current. The Site Coordinator is chosen by the ESL/Sponsor with final approval by the CCEMTP<sup>SM</sup> Program Coordinator.

**Educational Site License Coordinator (ESLC) and Outreach Sponsor Coordinators:**

- must have a current certificate of completion from the UMBC CCEMTP<sup>SM</sup> program.
- must be on site for the **entirety** of the CCEMTP<sup>SM</sup> course and adhere to the CCEMTP<sup>SM</sup> Policies & Procedure Manual.
- operate with guidance from the CCEMTP<sup>SM</sup> Program Coordinator and CCEMTP<sup>SM</sup> Program Administrator.
- ensure that required paperwork is submitted on time, recruit and confirm local faculty, ensure sufficient facilities, equipment and resources for the program.
- maintain all course materials and attendance records.
- submit all required materials to the CCEMTP<sup>SM</sup> Program Administrator upon completion of the course.
A *medical director* is **required** for the course. He/she should be familiar with critical care transport and have experience with medical education. The medical director should:

- be currently licensed to practice medicine in the state where the CCEMTPSM ESL is located.
- be preferably employed in an emergency department or intensive care unit.
- be emergency medicine board certified or board eligible.
- have familiarity with practices/protocols of transport personnel and EMS audiences.
- assure medical accountability of the program and actively participate in planning and quality control of the program.
- be willing to devote time to proctoring exam and be involved in course related matters.

**CCEMTPSM Participant Requirements**

- CCEMTPSM is open to any paramedic or registered nurse who has worked in that capacity for a recommended (1) one year.
- Copies of current professional licensure (EMT-P, RN, MD, etc.) **must** be submitted with each registration. Failure to submit these copies will disqualify the student from taking the final examination.
- Current CPR, ACLS, ITLS/PHTLS/TNCC or TNATC (or equivalent) and PALS/PEPP/PPC or ENPC (or equivalent) may be required or recommended for participants in CCEMTPSM ESL courses as determined by the CCEMTPSM ESL.

**Continuing Education Units**

This continuing education activity has been approved by UMBC, an organization accredited by the Commission on Accreditation for Pre-Hospital Continuing Education (CAPCE). To be eligible for continuing education units, all required paperwork and documentation must be on file with UMBC prior to the exam date.

CCEMTPSM meets the highest standard set forth by the NAEMSE Endorsement Committee and is the first nationally recognized course for critical care.

CCEMTPSM may be taken as a preparation to sit for various certifying exams; i.e., FP-C, CCP-C, CFRN, etc. For FP-C/CCP-C initial exam candidates and those seeking renewal, CCEMTP is approved as a FP-C/ CCP-C review course.

CCEMTPSM has been approved by the Air and Surface Transport Nurses Association (ASTNA) for 100 CECH hours

**Scheduling a CCEMTPSM Course**

To be considered as a potential ESL or an Outreach Sponsor and schedule a CCEMTPSM course at your site, contact UMBC at (410) 455-3584 or ehspace@umbc.edu to request further details explaining criteria and costs. A formal course request is required each time an ESL/Sponsor wishes to conduct a CCEMTPSM course. It is highly recommended that a site allows several months to effectively plan and coordinate a course.
Advertising a CCEMTP℠ Course
All course advertising, including brochures, flyers and advertisements must be approved by the CCEMTP℠ Program Administrator PRIOR to distribution.

- The ESLC/Sponsor is responsible for advertising and promoting the course.
- The ESLC/Sponsor may produce its own flyers and brochures in accordance with the previously stated regulations.
- ESLC/Sponsors must provide UMBC with their federal tax identification number, website link, e-mail address, and agency logo.
- ESLC/Sponsors may provide brochures to UMBC for distribution at nationally held conferences and should send these brochures directly to the conference hotel.
- All ESLC/Sponsor courses will be advertised on the CCEMTP℠ website maintained by UMBC unless specifically requested otherwise.

CCEMTP℠ Course Schedule
The recommended eleven (11) day schedule can be conducted over a two- to ten- week time frame. The organization of the schedule may be modified to fit instructor schedules, however, permission must be obtained for changing time allotment for any topic. Additional topics and clinical rotations may be added, but none of the required CCEMTP℠ topics may be deleted. Some sites conduct courses over a college semester as flexibility is allowed within reason.

CCEMTP℠ Faculty
It is the responsibility of the Site Coordinator to recruit credentialed faculty for each section of the course. If necessary, faculty recommendations are available from UMBC, and the CCEMTP℠ Program Coordinator can assist the Site Coordinator in recruiting appropriate faculty. However, it is the responsibility of the Site Coordinator to contact and negotiate directly with any referral. It is not acceptable to limit the number of faculty to only a few to teach the course.

- A CV or resume for CCEMTP℠ course faculty must be forwarded to UMBC PRIOR to the course start date.
- CCEMTP℠ faculty must be approved by the CCEMTP℠ Program Coordinator. The Site Coordinator must show that the recommended faculty has expertise in their fields.
- Faculty should be familiar with the management and transportation of critical care patients in the inter-facility environment.
- Acceptable CCEMTP℠ faculty may include paramedics, physicians, respiratory therapists, nurses, physician assistants, and pharmacists.
- The ESL/Sponsor is responsible for compensating faculty. The compensation is determined by the Sponsor and Site Coordinator.
- All faculty are required to sign the CCEMTP℠ Faculty Copyright Signature letter prior to receiving the lecture materials they will be teaching.

CCEMTP℠ Curriculum
ESL Courses:
UMBC will provide the ESL with a coordinator manual, access to the complete course curriculum including Power Point presentations, instructor notes, video clips, self-assessment questions, and module quizzes. UMBC will also provide a student manual containing course objectives, declaratives, outlines, introductory materials, self assessments, module quizzes and notebook covers/spines and inserts for each student resource guide upon request from the ESL. The ESL site is responsible for printing the student outlines for distribution to the students.
Outreach Courses:
UMBC will provide the Outreach Sponsor with the complete CCEMTP℠ course curriculum including a coordinator manual, instructor notes, links for video clips, electronic files containing the Power Point presentations, self-assessment questions, module quizzes, as well as, a CCEMTP℠ resource guide for each of the students.

The coordinator manual, materials and anything CCEMTP MUST be returned upon completion or cancellation of the course.

CCEMTP℠ Textbooks
UMBC has selected the below-listed textbooks to supplement the CCEMTP℠ curriculum. The supplemental readings in the student notebook have been correlated to these books, however, any equivalent textbooks may be used. In addition, texts on 12-Lead ECG, pharmacology, and laboratory values may be helpful.

Primary:  You may utilize the UMBC text, Critical Care Transport
or
or
or

CCEMTP℠ Equipment and Facilities
- The Site Coordinator will be responsible for securing all necessary equipment, a comfortable classroom, and all audiovisual equipment.
- To enhance the learning experience, it is recommended that the Site Coordinator contact local vendors for loan equipment and/or equipment demonstrations. Due to the diversity of students attending the course, try to arrange to have as many brands of equipment and new items as possible.

UMBC does not endorse any particular product. If the course is being taught for one particular service, be sure to include the brand of products being used by that service. It is paramount that you provide the students with the opportunity to have hands-on time with equipment.

CCEMTP℠ Certificate, Patch and Pin
UMBC will provide a certificate of completion and CCEMTP℠ lapel pin or patch to all participants successfully completing the course and passing the CCEMTP℠ final examination. The renewable certificate will be valid for three (3) years. This certificate is not a license or certification. It is the responsibility of the individual to maintain their CCEMTP℠ status with UMBC.
CCEMTP℠ Course Sponsorship Expenses

Course and Participant Fees

- The CCEMTP℠ educational site license fee is $4000 plus $350 per participant. All sites interested in becoming an ESL must initially offer CCEMTP℠ as an outreach course. The fees for the initial course are $3000 plus $350 per participant. Upon successful completion of the outreach course, UMBC will determine the sponsor’s eligibility to pursue a CCEMTP℠ Educational Institution Site License. Once the sponsor is approved to obtain a CCEMTP℠ Educational Institution Site License, the remaining $1000 will be due to UMBC along with a signed CCEMTP℠ Educational Institution Site License MOU. All checks should be made payable to "UMBC." The site license fee includes securing your status as an ESL, the course curriculum, UMBC consultation, administrative support, final examination, certificates of completion and advisory capabilities for course changes, updates and revisions. Additional charges that may be incurred include fees for the outbound and return shipping of the exam packet, failure to return unused student supplies; spreadsheet errors resulting in reissue of certificates, etc.

- The CCEMTP℠ course utilization fee for outreach sponsors is $3000 plus $300 per participant. The check should be made payable to “UMBC.” The course utilization fee of $3000 includes the ONE-TIME USE of the curriculum, student materials, accompanying audiovisuals, final examination, certificates of completion, and off-site UMBC consultation and administrative support. The deposit will be refunded if UMBC cancels the course. A request for a refund of the deposit (less 10%) must be received in writing no later than six weeks (42 days) prior to the start of the course or the deposit will be forfeited. Should the Sponsor cancel the course for any reason, including insufficient enrollment, less than six weeks prior to the start of the course, the deposit will be forfeited. If the sponsor decides to postpone the course and reschedule within six months of the original course dates, there will a 5% transfer fee. Cancellation of the second course (prior to six weeks of the course start) will result in a 15% cancellation fee. The curriculum and supplies must be returned to the CCEMTP℠ Program Administrator immediately upon completion or cancellation of the course.

- Registration fees for individual courses are determined by the ESL/Sponsor and Site Coordinator, and not by UMBC. Courses have ranged from $400 to $1200 based on location and organizational expenses.

Travel expenses
The ESL/Sponsor will be responsible for all travel expenses of the CCEMTP℠ Program Coordinator (or designee) for administration of the final exam. A 10% University overhead is added to these expenses.

Expenses will include:
- roundtrip airfare;
- parking expenses;
- ground transportation;
- meals (at the State of Maryland per diem);
- suitable lodging;
- rental vehicle; and,
- any necessary business expenses that may be incurred directly related to the trip.

Travel arrangements can be made by the Sponsor or the CCEMTP℠ Program administrator, however, UMBC must approve any flight itineraries prior to the ticket being purchased. Upon completion of the course, the CCEMTP℠ Program Administrator will provide the Site Coordinator with an invoice for actual travel expenses incurred. It is to the benefit of the sponsor to prepay as many travel expenses as possible (University overhead will only be charged on items paid by UMBC).
Copyright and Trademark
The materials for this course including the logo, manual, and all intellectual property of the University of Maryland, Baltimore County (UMBC) and any reproduction without the expressed written permission of UMBC is prohibited. CCEMTP℠ is trademarked and the program curriculum is copyrighted, including the course outline and schedule. CCEMTP℠ and the curriculum, outline, Power Point presentations, and schedule may only be used upon proper payment of fees and authorization of the CCEMTP℠ Program Administrator. All course advertising, including brochures, flyers, and advertisements must be approved by the CCEMTP℠ Program Coordinator or CCEMTP℠ Program Administrator prior to distribution. Unauthorized use or copying of the curriculum, outline, schedule, logo or name is strictly prohibited.

The course sponsor, both ESL and Outreach, may not use any of the CCEMTP℠ materials to conduct trainings/updates/refreshers/in-services or otherwise unsanctioned programs or distribute materials to other persons or organizations for same.
