

PNCCTsm/NR Paramedic Refresher Requirements /Breakdown Comparison

If you ARE an NCCP State, the following applies to you:

NRP~NCCP Requirements: a total of 60 hours of continuing education

- A. Complete a State or CAPCE (F1, F2, F3**, F5) approved 30 hour Paramedic National Continued Competency Requirements (NCCR) course or equivalent state or CECBEMS approved continuing education.
Successful completion of the UMBC PNCCT will provide 30 hours of the required NCCR 30 hour requirement.
- B. 15 hours of Local Continued Competency Requirements (LCCR) additional state or CAPCE (F1, F2, F3**, F5) approved EMS related continuing education.
*100% Attendance/ completion of the UMBC PNCCT will provide you an additional x hours which you may apply to LCCR.
(You MUST check with your individual State or PNCCT Coordinator to ascertain which topics of PNCCT will be applicable to your State LCCR established requirements. It is possible that PNCCT will fulfill all 15 hours but you must verify this on your own.)*
- C. 15 hours of Individual Continued Competency Requirements (ICCR). Must be state or CAPCE (F1, F2, F3**, F5) approved EMS-related continuing education.
100% Attendance/ completion of the UMBC PNCCT will provide you an additional 15 hours which you may apply to ICCR.
You will receive a course attendance certificate upon 100% attendance/completion of the course for 56 total continuing education hours.

If you are NOT an NCCP State, the following applies to you:

NRP Requirements: a total of 72 hours of continuing education

- A. DOT 48 hour Traditional Paramedic Refresher
Completion of a state or CAPCE (F1, F2, F3*, F5) approved 48 hour Paramedic refresher course.
100% Attendance/ completion of the UMBC ONCCT will provide 46 hours of the required 48 hours for Section 1A/1B.
- B. Section 2 - an additional 24 hours of continuing education activity
100% Attendance/ completion of the UMBC PNCCT will provide 10 hours of the required 24 hours for Section 2
- C. ACLS and CPR (or their equivalents are required)
You will receive a course attendance certificate upon 100% attendance/completion of the course for 56 total continuing education hours.

Please visit nremt.org for further explanation regarding NCCP/NRP Re-registration Requirements and breakdown of hours. Please check with your State EMS Office or NREMT to determine if your State is an NCCP or non-NCCP State.

You will earn 56 hours of F2 contact hours from UMBC thru CAPCE.

NCCP: In order to apply CCEMTP hours to your Local LCCR Mandatory hours you must determine the local topics set forth by your State EMS Office.

Please work with your Site Coordinator (the course site which you completed your CCEMTP course) to determine the eligible content hours which you may apply to LCCR.

****Your site coordinator will provide you with a complete, detailed breakdown at the end of your course, suitable for National Registry purposes.)**

UMBC attests that this continuing education activity meets the National Registry guidelines for re-registration for both NCCP and non-NCCP.

SAMPLE

PNCCT/NREMT-Paramedic Refresher Requirements W Transition

Hours Required	Hours Obtained	Section 1A Mandatory Core Content Date	Date Completed
8		Airway, Breathing and Cardiology	
	2	Provide ventilatory support for a patient	
	2	Attempt to resuscitate a patient in cardiac arrest	
	2	Provide care to a patient experiencing cardiovascular compromise	
	2	Provide post resuscitation care to a cardiac arrest patient	
3		Medical Emergencies	
	1	Assess and provide care to a patient experiencing an allergic reaction	
	1	Assess a patient with possible overdose	
	1	Assess and provide care to a near-drowning patient	
5		Trauma	
	1	Perform a rapid trauma assessment	
	1	Assess a patient with head injury	
	1	Assess and provide care to a patient with suspected spinal injury	
	1	Provide care to a patient with a chest injury	
	0.5	Provide care to a patient with an open abdominal injury	
	0.5	Provide care to a patient with shock/hypoperfusion	
8		Obstetrics and Pediatrics	
	2	Assess and provide care to an infant or child with cardiac arrest	
	2	Assess and provide care to an infant or child with respiratory distress	
	2	Assess and provide care to an infant or child with shock/hypoperfusion	
	2	Assess and provide care to an infant or child with trauma	
		Section 1B Flexible Core Content	
8		Airway, Breathing and Cardiology	
		Assess and provide care for respiratory distress in an adult patient	
	2	Perform techniques to assure patent airway	
	2	Use oxygen delivery system components	
	2	Assess and provide care to a patient experiencing non-traumatic chest pain/discomfort	
		Medical Emergencies	
5	1	Assess and provide care to a patient with an altered mental status	
	1	Assess and provide care to a patient with a history of diabetes	
	1	Assess and provide care to a patient experiencing a seizure	
	0.5	Assess and provide care to a patient exposed to heat or cold	
	0.5	Assess and provide care to a patient experiencing a behavioral problem	
	1	Assess and provide care to a patient a suspected communicable disease	
1		Trauma	
	0.5	Provide care of patient with a painful, swollen, deformed extremity	
	0.5	Assess and provide care to a patient with a burn injury	
8		Obstetrics and Pediatrics	
	2	Assess and provide care to an infant or child with suspected abuse or neglect	
	2	Assess and provide care to an infant or child with a fever	
	1	Assess and provide care for the obstetric patient	
	2	Provide care to the newborn	
	1	Provide care to the mother immediately following delivery of a newborn	
2		Operational Tasks	
	1	Use body mechanics when lifting and moving a patient	
	1	Communicate with a patient while providing care	
		Section II	
24	10	Additional hours of EMS related continuing education
